DEATH OF MISS VICTORIA TAUBER

(From Thursday's Daily Eagle.)
Miss Victoria Tauber died at the home of her parents near College this morning about 2 o'clock. She was a daughter of Mr. and Mrs. John Tauber, one of the best known and highly re-

spected Bohemian families in the county. She was twenty-five years of age, and was born and reared in their home near College.

"The young lady has many friends who realize that death has taken from them a noble friend, and that a true and good woman has passed away. She was an inspiration to the home and a blessing to her parents.

She will be buried this afternoon at 5 o'clock in the old Rector Chapel Cemetery.

TOM GREEN COUNTY FARMERS' UNION ACTS

Repudiates Action of State Officers of Union in Regard to Removal of A. and M. College.

To the Editor of The Bryan Eagle:

These resolutions speak for themselves and show that the Farmers' Union membership are very much opposed to their officials committing the union officially to those things that have not been discussed. Reference is especially made to their mistake in trying to nullify the action by resolution at the Fort Worth meeting in 1912, at which convention the union went on record for segregation and a constitutional tax to support the A. and M. College at Bryan.

Nine out of ten farmers in Texas are opposed to the destruction of the A. and M. College and the attempt to drag it to Austin and make it a tail for the University dog to wag. However, teamwork is necessary to inform the farmers and defeat this preposterous proposal.

CHARLES B. METCALFE.
San Angelo, Texas, April 14, 1913.

State Officers Acted Unwisely.

Resolved by the Tom Green County Convention of the F. E. and C. U. of A., That this union deprecates as unwise any official action by our State officers which gives the weight of the State union in favor of measures of legislation that have not been discussed sufficiently to bring out a full expression by the membership, and this union further recommends that the State officers at no time take official action on such matters, unless at least a well known majority of the membership favors such action.

Indiscreet and precipitate action is unwise and of great damage to the union by raising antagonism and disagreements among the membership.

It is our opinion that our State officials should abide by the constitutional provisions directing that all questions of moment be submitted to the membership before the union shall be officially committed to an expression on any subject.

[Seal] W. R. BUTT, President.
H. M. PIPKIN SR., Secretary.
San Angelo, Texas, April 12, 1913.

Repudiates Action of State Officers.

Resolved, That the Tom Green County Convention of the F. E. and C. U. of A. absolutely repudiates the action of our State officers in giving their official sanction to the effort which was made to remove the A. and M. College to Austin.

We are unalterably and emphatically opposed to the consolidation of this school with the Austin institution.

Be it further resolved, That we are strongly in favor of the segregation of the college from the University, ac-

ording to the resolution adopted by the State convention of the union at Fort Worth, in August, 1912, and that a constitutional tax be levied for the support of the college and that a fair division of the land and income be made.

[Seal] W. R. BUTT, President.
H. M. PIPKIN SR., Secretary.
San Angelo, Texas, April 12, 1913.

CITY COUNCIL MEETING

Proposition Being Considered to Divert \$10,000 Water Tower Bond Issue to Extension of Water System.

(From Thursday's Daily Eagle.)

The City Council met last night at the usual hour. There were present Mayor Harris, Aldermen Wilson, Vick, Haswell, Daly and City Secretary John A. Moore and Deputy Secretary C. H. Lewis.

The Council was called to order, and Capt. W. E. Saunders petitioned the Council for an increase of \$50 in the allowance for the library. It was granted and the total amount appropriated for new books in the Carnegie Library is \$300.

T. H. Spell was reappointed sexton for the City Cemetery, and instructed to confer with Chairman Vick of the cemetery committee. Owing to a laxness on the part of those whose duty it is to make an official report of deaths, the matter has not been kept up. The Council passed an order that physicians and undertakers must comply strictly with the law.

A petition signed by twenty-one citizens of South Bryan street for water mains of a size to furnish fire protection be given that section, was read. Eighteen homes are connected up on one two-inch water main, and the nearest fire plug is at the International and Great Northern depot. Some of the finest homes in the city are in that section of town.

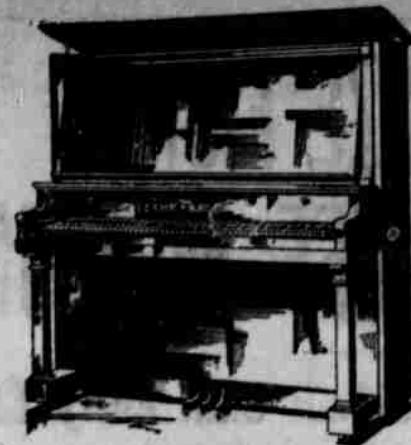

The following school trustees were re-elected by the Council to serve the ensuing year: M. H. James, W. T. James, A. M. Waldrop, and Eugene Edge.

The Council passed a motion that the dog tax ordinance be enforced, and that license tags should be ordered and issued to owners of dogs at \$1 each.

The American Steam Laundry petition for a decrease in water rates was discussed. The laundry uses about one hundred thousand gallons of water a month, which is much more than is used by the gins, which are allowed a special rate. The Council decided to defer action until the new well has been tried out, and an accurate estimate be made of the water the city will have during the summer months.

City Health Officer Dr. R. J. Hunnicutt reported the insanitary condition of a number of toilets and temporary sewers in the city, and warned the Council of the danger in them.

The Council decided that the con-

\$225

Puts this beautiful new LEYHE piano in your home, freight prepaid, and on terms to suit your convenience.

nection ordinance will be enforced, and all public boarding houses, hotels and business houses will be notified by the City Secretary to file application for sewer connections within thirty days, with a penalty of not less than \$25 nor more than \$100 for failure to comply.

The water bill of \$12.50 which is charged against the Bryan Baptist Academy at a time when there was no one in the building has been investigated by the City Secretary, and a report was made to the Council. The Council decided that, as the meters show that the water went somewhere, no refund can be made.

A motion was carried that City Electrician Reynolds be required to attend the Council meetings.

The City Secretary was requested to furnish the Council with abstracts

showing water, light and sewer connections.

The finance committee was instructed to confer with Mr. A. B. Carson and determine the cost of his preparing water, light and sewer maps of the city. The committee will report at next Council meeting.

H. T. Lawler of the Bryan Power Company appeared before the Council, and a committee, composed of Aldermen Haswell and Wilson, was appointed to confer with Mr. Lawler on the proposition which is being advanced to arrange with the power company to furnish direct pressure for two years. The proposed water tower will cost about \$9000. The Council is considering using the amount provided by the \$10,000 in bonds, in the extension of water mains.

The Council adjourned to meet next Wednesday night.

You Win if You Lose!

WE OFFER THE FOLLOWING PREMIUMS IN GOLD TO THE FARMERS OF BRAZOS COUNTY:

\$25.00 Best Yield of Corn on Two Acres; 15.00 Second Best Yield of Corn on Two Acres; 10.00 Third Best Yield of Corn on Two Acres

The above premiums are to be awarded for corn grown on up-land, and fertilized with Star Brand, High Grade Fertilizer. The yield to be weighed by two disinterested parties.

\$25.00 Best Yield of Cotton on Two Acres; 15.00 Second Best Yield of Cotton on Two Acres; 10.00 Third Best Yield of Cotton on Two Acres

The above premiums are to be given for cotton grown on up-land, and fertilized with Star Brand, High Grade Fertilizer. The yield to be determined by weight of seed cotton at gin, with a weigher's certificate of the ginner, and a sworn statement that the cotton was picked from two acres.

\$12.50 First Prize for Best Colt; 7.50 Second Prize for next Best Colt; 5.00 Third Prize for next Best Colt

Colts to be under one year old. Mare and colt to be fed a ration of which one-half is hulls and meal.

\$12.50 First Prize for Best Pair of Pigs; 7.50 Second Prize for Next Best Pair of Pigs; 5.00 Third Prize for Third best Pair of Pigs

Pigs to be under one year old, and fed a daily ration of which one-fourth is cotton seed meal.

The date of awards to be determined later. We hope to make these premiums an annual feature, provided interest enough is manifested in the contest to warrant a continuation. It costs nothing to enter the contest, and if you fail to win one of the premiums it will be one of the best paying investments you will make this year. We should be notified by June 1st of entries to cotton or corn contest.
